Summary

I am a frontend developer with professional experience writing React and React Native applications.

I'm highly motivated and above all I love learning - whether it's coding, languages or almost anything else! By nature, I am a very social person so I enjoy interacting and collaborating with others.

Experience

FounderTribes
React/ React Native Developer

FEB. 2021 TO AUG. 2021

Published over 25 pull requests to add internationalization, dynamic routing and CRUD forms to the web platform. I also added internationalization and screen navigation to their mobile application.

Education

Web Development Immersive Program
Onja Madagascar

JAN. 2019 TO JAN. 2021

Spent over 4000 hours writing and learning code, covering HTML5, JavaScript, React, Redux, TypeScript and React Native. Worked on over 70 web projects.

Skills

React	HTML5	Chakra UI
Redux	CSS3	Redux Saga
React Native	SASS	i18n
TypeScript	JavaScript	Formik
